**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Kevin Faulkner on 10/26/2004.

The application has been amended as follows:

In claim 26, line 2, please replace "of" with --prepared by method--.

**DETAILED ACTION**

1. The Amendment filed by Applicant on 08/13/2004 has been entered.

***Response to Amendment/Arguments***

2. Applicant's amendment and arguments filed on 08/13/2004 have been fully considered and they are found persuasive.

Art Unit: 1713

3. The rejection of claims 1-9 and 15-21 under 35 U.S.C. 102(b) as being anticipated by Jacobsen et al., U.S. Patent No. 5,834,393 (hereinafter "Jacobsen") or Stephan et al., EP 0 890 581 A1 (hereinafter "Stephan") is withdrawn.

***Allowable Subject Matter/Reasons for Allowance***

4. Claims 22-29 are allowed.

5. The following is an examiner's statement of reasons for allowance: The closest prior art located or identified by the Examiner is Jacobsen and Stephan. Jacobsen and Stephan each teach a supported catalyst composition and a process for preparing such. The composition comprises a supported activator, a Group 15 containing catalyst compound and an ionizing activator. See Jacobsen, Abstract; col. 3, line 5 through col. 4, line 62; Stephan, pages 2-7. Jacobsen and Stephan differ from the present invention in that the present invention does not teach "mineral oil to form "a slurried catalyst system" and the claimed mole ratio of activator/transition metal.

Art Unit: 1713

6. As of the date of this Notice of Allowability, the Examiner has not located or identified any reference that can be used singularly or in combination with another reference including Jacobsen and Stephan to render the present invention anticipated or obvious to one of ordinary skill in the art.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
